A Warm Welcome to all holiday-visitors

-Lots of fun and enjoyment are waiting-

As CapeNature said: "We've turned on summer at our nature reserves!" CapeNature said they've turned on summer at all their nature reserves throughout the Western Cape. "You bring the sunscreen, hiking shoes and swimwear and let's get this season started!"

The Klipgat Caves at Walker Bay Nature Reserve (De Kelders) is one of the most interesting caves to visit. "Beat the Heat at Klipgat Caves in Walker Bay, there's evidence that humans have been doing this since the Middle Stone Age," says CapeNature's management. Walker Bay Nature Reserve, just east of Hermanus and next to De Kelders, is the ideal summer getaway for adventure-seekers and families looking for fun. You can retrace the steps of the Khoi and San who lived here more than 2000 years ago. Take in the sights of the pristine reserve as it shows off its magnificent coastal and marine life.

'*Daar is méér*' - prof Daniël J Louw -Outobiografiese reis deur Amper-Stamperland-

Daniël Louw (regs) ontspanne in gesprek met Johan Coetzee van Naledi.

'n Ware 'lusmaker' vir Vrydag, 16 Desember 2022 - (prof) Daniël J Louw se nuutste boek, '*Daar is méér*' word amptelik bekendgestel. Dit is 'n langverwagte geleentheid waaraan Daniël en sy uitgewer, 'onse' Johan Coetzee van Naledi in De Kelders, baie ure sedert die begin van die jaar in die Great White House 'oor 'n koffietjie' gewerk het. 'n Volledige berig oor Daniël se boek, 'n 'vakansiehuis-Franskraler' vir bykans 50 jaar, sal ná die bekendstellingsgeleentheid in Gans-Berg Nuus geplaas word.

'*Daar is méér*' is 'n mymering oor die spiritualiteit van skoonheid, sin, siel en sterflikheid - 'n outobiografiese reis deur 'Amper-Stamperland' land. Hierdie publikasie van 700+ bladsye, wil die leser opnuut laat kyk na wie hy is, wie God is en hoe klink die 'Middel-C' op die klankbord van Genade - dalk soos 'n sametrekkende derm? Enkele ander aspekte wat onder die loep geneem is: Hoe leef jy? Wat is jou lewensbeskouing? Waar lê jou vrese vir die dood? Hoe werk die ratwerk van die menslike siel? Is Facebook 'n fiksie en illusie of 'n digitale spieël met nuwe opsies vir kommunikasie?... en hierdie is maar enkele vrae en aspekte waarna Daniël volledig in sy boek kyk.

Daniël se mosaïek-skildery (sien foto) van gebreekte glas, dra die volgende boodskap van sy boek oor:
"*Daar is méér* - Die spiritualiteit van kyk: om die onsienlike te sien. Gewoonlik kyk ons na dit wat ons waarneem en vorm 'n indruk. Ons sê dan miskien dit is mooi of selfs lelik en vergeet alles. Om te sien dit wat jy nie kan waarneem nie, ruk jou tot stilstand. Ons noem dit verwondering. Jy raak in ekstase. Jy waardeer en in jou wese sê jy dankie. Gewoonlik gebeur so 'n oomblik van verwondering wanneer jy verwond is en van gebrokenheid en sterflikheid bewus raak. Pyn breek vreugde oop. Skielik is dit asof jy, soos met 'n periskoop vanuit die bedompige duikboot om die blinde kol van jou ervaring kyk. In dit wat altyd dieselfde lyk, ontdek jy die buitengewone, ervaar jy 'n nuwe horison van kleure en vorme; jy ontdek die meta-kyk in lewe wat oneindigheid in die uitspansel raaksien."

Caution when driving on Overstrand roads

Traffic is beginning to increase, and we are thankful that family, friends, and visitors can once more spend time in the Overstrand during the December holidays.

However, we are concerned about the number of animals that die every day after being struck while crossing the roads by cars, bakkies and taxis because drivers are in too much of a hurry and do not slow down. We urge motorists to consider all wildlife and domestic pets when driving through our towns. Please keep a lookout for them and watch your speed. It is most unpleasant and painful to see a slow-moving tortoise run over and crushed because the driver did not see it.

CAUTION

WHEN DRIVING ON OLD MAIN RD ONRUS - PLEASE!

Onrus residents are very concerned about '*their*' geese in the road at the Kidbrooke traffic lights. Although they are not run over that often, people still need to drive slowly and with caution around this area. Please also warn the non-locals to keep a lookout for them as they might not be aware of geese crossing the road unexpectedly.

Also, be on the lookout for Gansbaai's Geese family nearby the end of Andrews- and Germishuys Streets for Gansbaai's Geese family (Gans-Berg News, 2 December 2022).

Brief aan die Redakteur

Om 'n plan te maak

-Op see en buiteboordmasjien raak onklaar-

Wat doen jy wanneer jy op see is en met die draai van die sleutel is daar geen reaksie nie, net doodse stilte vanaf die buiteboordmasjien?

In my geval het ek darem die keuse gehad om van die trektou gebruik te maak of van die elektroniese aansitter (dit is 'n Mariner, 30pk). Onthou dat, in my geval, die sleutel in die aan-posisie moet wees, met die ratte in neutraal. Jy kan natuurlik 'n los draad gebruik om die elektroniese vloei te herstel en 'n verbinding verkry tussen die battery en die aansitter (starter).

Terug by die huis het die buurman kom help en sy elektroniese meter saamgebring. Hy het gou vasgestel die fout lê by die skakelaartjie in die "boks" by die ratwisselaar. Hier benodig jy 'n deskundige en ons het besluit om 'n ander plan te maak.

Ons het toe die dooie draad in die solenoìde ontkoppel en 'n verbinding bewerkstellig tussen die "choke" se koppeling en dié van die aansitter. Druk nou die sleutel in (wat jy doen wanneer jy die elektroniese"choke" wil gebruik) en die enjin werk 100% saam!

Baie belangrik: die veiligheidsaspek wat verseker dat die enjin slegs sal aansit wanneer die ratte in neutraal is, is nou uitgeskakel. Wees baie versigtig.

Kerssangdiens...VGK-Gemeente

Die rustige en gevoelvolle Kerssangdiens van die VGK-gemeente kan goed met W.E.G. Louw se gedig, Maria, vereenselwig word, soos voorgedra deur ds Dirk van Dyk:

Maria (W.E.G. Louw)
Deur daardie tuintjie het sy stil gegaan,
haar hande need'rig oor haar bors gevou,
toe hy, verblindend soos die son, daar staan:
drie wit lelies het hy in sy hand gehou.

Half-skaam, verleë, het sy opgekyk
en is opeens met groot vrees bevang:
sy oë het van haar nie afgewyk,
sy vleuels het oor heel die tuin gehang.

"Geseën is jy onder die vroue" - sy woorde -
of was dit winde? - verruis nog in haar oor,
toe hy teen die son in goue vlug verdwyn....

Sy het haar neergebuig en half-versmoorde
klein snikkies in haar hart gehoor,
van verlossing reeds die vreugde en die pyn.

Ds Dirk van Dyk het die Kerssangdiens gelei. Die program is afgewissel met koorsang deur verskillende wyks-kore, die mannekoor en gemeente-sang. Toneelspel is deur Bybelse voorlesings deur ds Dirk opgevolg: vanaf die aankondiging van Jesus se geboorte tot in die stal waar die maagd Maria geboorte aan Hom geskenk het.

Die 'toneelspelers' het moeite gedoen met hulle Bybelse uitrustings en kon die geboorte-verhaal pragtig aan die gemeente oordra: Josef en Maria, engele, skaapwagters en wyse manne / sterrekykers vanuit die Ooste - almal geklee in eg-Bybelse uitrustings.

Die opvoering en samesang is met die gesamentlike sing van Stille Nag, Heilige Nag afgesluit.

Hardus Botha

NEIGHBOURHOOD WATCH

Not even the Rain could Stop Us 16 Days of Activism

Saturday 10 December 2022 was the last day of the 16 Days of Activism campaign and we ended with another street parade leaving from Blompark. It was windy and wet but those who joined were determined to be heard and the weather was kind to us with not much rain. Gansbaai CPF Committee is dedicated to the community and Gender Based violence is the top priority – we need to **Stop the Violence** – **all Violence** was the message on Saturday.

The group who joined the parade was from the community and all the relevant role players. The convoy left Blompark at 09h40 and walked to Gansbaai SAPS. This time there were more vehicles in the parade due to the weather which made for a spectacular sight. The Chairperson Julia Barlow and committee members lead the parade, community members followed, next was WO Woensdregt Basson in the SAPS vehicle who made sure that our voice could be heard by activating the vehicle's siren. The rest of the vehicle convoy followed; we thank everyone for joining us. Chairperson Julia Barlow encouraged the people (using a loud hailer) to **Stop the Violence** and to look after each other. Gansbaai Market (Farmers Market) was in full swing when the convoy passed by and orange ribbons had been given to a few of the members to promote the

Group of participants

colour orange which **symbolizes a brighter future, free of violence.**

Those who formed part of the convoy, spread the word by handing out flyers with all relevant information pertaining to stopping the violence. The

Bianca van Niekerk & Riana Groenewald leading the parade

community cheered and clapped as we walked the streets and walking down Main Street, we were met by the Komtessa ladies who came out waving orange scarves, it was wonderful to receive the encour

agement of these ladies, we thank you.

A reminder of 10 ways to end violence against women:

1. Speak up, speak out;
2. Know the issues and the signs;
3. Call out sexual harassment;
4. Challenge beliefs on masculinity;
5. Fund women's organizations.
6. Call for better responses and services;
7. Demand more data;
8. Push for stronger laws;
9. Support women's leadership; and
10. Build solidarity with other movements.

On arrival at Gansbaai SAPS Lt Col Winston Coetzee addressed everyone, he stated: "Gender Based Violence and Violence in general should not only be for 16 days but for the entire 365 days of the year." He explained the various procedures to report crime and reminded everyone that SAPS is here to serve the community and to ensure their safety.

In closing, Chairperson Julia Barlow encouraged everyone to look after each other and not to stay quiet when they know that that their neighbour is hurting and being abuse. She added: "We need to take hands, help and love each other to make our town an even better place. Let us trust, support, love and participate to do our part to restore the world."

FLAME Programme ignites positive impact

All Overstrand Entrepreneurs who have finished the first phase of the FLAME programme.

A gathering on Wednesday, 7 December 2022 at the Hermanus Multi-Purpose Centre in the New Harbour in Hermanus marked the end of the first 8 weeks of intensive workshops and training of the FLAME programme.

This project was born from a partnership between Overstrand Municipality's Local Economic Development Department (LED) and the Association of Savings and Investments South Africa aka ASISA Foundation as well as the Grootbos Foundation, Kamva Capital Projects and the Western Cape Department of Economic Development and Tourism (WC DEDAT).

They aim to provide entrepreneurs from historically disadvantaged groups with the capacity to grow their businesses and manage their financial affairs better through the Financial Literacy and Micro-Enterprise (FLAME) programme. More than 129 applicants across the Overstrand applied to be part of the FLAME programme and 60 small businesses were chosen to be part of this multi-phased programme and only 30 will proceed to phases 2 and 3. As part of the 15-month hands-on 'curriculum', the entrepreneurs are given training in costing, drawing up a budget, tracking personal income and expenses, digital and social media marketing, the importance of insurance and saving money for retirement, to name but a few.

Phase 2 will start in the New Year, and the participants will be visited regularly to encourage them to apply the knowledge they had gained in class to their businesses. Concepts are also discussed with the participants during mentorship sessions to promote familiarity and ease of use. Frieda Lloyd, Overstrand Cape Whale Coast Tourism Manager and acting director for the Local Economic and Social Development Department congratulated the participants for taking the first step and applying to be part of this programme for them to take their dream to the next level.

“Small is how it happens,” she said. “Work hard and believe in yourself.” She encouraged the entrepreneurs to continue this journey till the end and wished them the best of luck for phase 2. This sentiment was echoed by Councillor Elnora Gillion, Mayco Member for Social and Local Economic Development, who stated that she believes in the spirit of entrepreneurship to help make the Overstrand an Overstrand for all by building sustainable businesses and creating jobs one at a time. She said the entrepreneurs now can take our economy further and bring hope to our communities. Councillor Gillion thanked the ASISA Foundation and the other stakeholders for bringing the FLAME programme to the Overstrand as it bodes well for the growth of these businesses.

Loadshedding at higher stages impacts infrastructure and day-to-day operations of service delivery

The Overstrand Municipality is affected by load shedding as much as any other business in the region. At the start of the holiday season and the increase in visitors, the Municipality's water and sanitation infrastructure are put under increased pressure once more.

The move by Eskom to stage 6 electricity load shedding, with periods of interruption of electricity supply of up to 4.5 hours at a time, and up to 12 hours in total in 24 hours, does not help the situation either. Unfortunately, not all installations are equipped with generators at this stage. Residents of some high-lying areas may temporarily experience low water pressure and even water supply interruptions because of extended load-shedding events, where reservoirs cannot be filled adequately during periods between load shedding, or where booster pump systems are out of operation during load-shedding events.

Some sewerage pump stations which are not equipped with generators may spill during extended periods of load shedding. Warning signs will be erected where necessary.

Residents and visitors are requested to use water sparingly, as this will assist in firstly conserving reservoir levels and secondly reducing wastewater flows and alleviating pressure on sewerage pump stations. The municipality is doing its utmost to manage the situation within its capacity and available resources.

The municipality has implemented the following mitigation measures at this stage:
*Most of the critical water and wastewater installations are equipped with standby generators, which are supplied with diesel continuously and are being monitored to ensure seamless switchovers as far as possible.
*Mobile generators are deployed at a few other sensitive water- and wastewater installations.
*Suction tankers are deployed at some sewerage pump stations in environmentally sensitive areas that are not equipped with generators yet.
*Water and wastewater pump operations are maximized during periods between load-shedding events.

Gansbaai Posduifklub

Leeftyd saam met posduiwe

As ek terugdink aan waar die duiwesport in die 1960's was en waar dit vandag is, moet ek met verbasing sê die verskil is soos 'n handomkeer. Waar was die dae toe daar op Donderdae duiwe gemandjie is, alles afhangend van hoe die treine loop? Vanaf die mandjiesaal (gewoonlik naby die treinstasie) tot by die stasie is duiwemandjies deur duiweboere met kruiwaentjies gesleep.

Die duiwe is op die trein gelaai, met water en mielies in die mandjies. Die belangrikste was 'n briefie plus ekstra kos wat saam met mandjies gegaan het. Hierdie briefies was aan die stasiemeester gerig om asseblief die duiwe op 'n sekere tyd Saterdag te los of as dit so moes wees, op 'n Sondag. In die briefie is hy ook gevra dat hy voor die loslating vir die duiwe kos en water sal gee. Wonder bo wonder het die destydse stasiemeester hierdie versoeke met oorgawe uitgevoer.

Uitlui-aande was 'n gesellige byeenkoms, want daar was nie geld betrokke nie- daar is met die duiwe gevlieg vir die plesier en genot daarvan. Ek moet sê dat daar wel soms weddenskappe tussen die manne was. Wenners is hartlik gelukgewens en aan die einde van

Rus- en broeityd is nou aan die orde van die dag.

die vliegseisoen is 'n kampioen in die klub en die Unie of die Federasie gekroon. In die groter stede met baie klubs was daar 'n Federasie of Unie waaraan alle klubs behoort het, net soos wat dit vandag die geval is. In die platteland het dorpe saamgekom en in unies gevlieg - soos wat Gansbaai tans ook doen. Alle klubs, federasies en unies was onder die vaandel van SANPO geregistreer, 'n oorkoepelende organisasie wat alles beheer het.

Waar dit vandag medisyne en nogmaals medisyne is, was daar so te sê niks in die beginjare van duiwesport nie. Almal het maar van kruideniersware en natuurlike produkte gebruik gemaak.
Duiweboere het ook gereeld onderling gekommunikeer en sodoende kennis uitgeruil. Hokke soos Sun City, Dinokeng en nog baie ander in die land het nie bestaan nie en vandag is dit die inding om 'n paar duiwe na hierdie hokke te stuur waar duisende rande en selfs 'n miljoen rand gewen kan word.

Om jou duif te kan klok was anders as vandag. Vandag klok die duif vanself met 'n elektroniese ring aan sy voet. In die ou dae moes die rubberring eers afgehaal word en dan in 'n doppie geplaas word en in die klok gesit word, dan kon jy eers klok wanneer die aktivering van die klok plaasgevind het.

Het die duiwe-ras beter geword? Waarskynklik ja, maar dit is so dat die ou duiwerasse vandag nog opduik, soos byvoorbeeld Puttrys, Oscar De Vriendt, ens, ens. Was al hierdie veranderinge in die duiwesport beter? Ja en nee, sou my antwoord wees. Waarom die moontlikheid van 'n 'nee'? Omdat samehorigheid verlore geraak het tussen duiweboere en geld wat alles tans oorheers.

Groete,
André Vorster 072 248 8818

Jong gholfers se vinnige gholftoer -Hoërskool Bredasdorp-

Die eksamens was nog vars in die geheue toe onderneem Hoërskool Bredasdorp se gholfspelers 'n gholftoer, maar nie sonder dat heelwat pret daarby ingesluit was nie.

Die gholftoer is na Kleinbaai Gholfklub onderneem en die spelers was beïndruk met die mooi gholfbane met die pragtige see-uitsig. Maar dit is nie waar die toer geëindig het nie...daar het heelwat meer op hulle gewag.

'n Gesellige braai in Franskraal was net nog

een van die dag se hoogtepunte. Daar word vertel hulle moes veral bontstaan om Gansbaai se groot 'gatsby's' opgeëet te kry. Die volgende oggend was die spelers bevoorreg om die Panthera Africa Big Cat Sanctuary net buite Standford te besoek - “beslis 'n belewenis”. Die gholfers sê hulle is beslis goed gemotiveerd vir die 2023-seisoen na die vakansietydperk. Gans-Berg Nuus staan 'reg' agter julle en is trots daarop dat ons gereeld nuus oor julle kan plaas!
